## PART II

NARRATIVE SUMMARY

1. During the reporting period the 1st Combined Action Group continued to conduct operations that enhanced the accomplishment of its assigned mission of village and hamlet security and goals of the GVN Accelerated Pacification Program (APP).
2. Enemy activity showed a significant decrease over the preceding month. The Group experienced less contacts and accounted for less enemy kills than the previous month.
3. The Americal Division, USA continued to experience moderate contact throughout its TAOR, with the 196th Infantry Brigade (Operation Frederick Hill) again accounting for the bulk of the enemy contacts and kills. The infantry companies assigned to the Combined Unit Pacification Program continued to operate in their respective areas with no significant changes. The 196th and 198th Infantry Brigades continued to provide logistical and tactical support as required by the CAP's in their TAOR's.

**11. Intelligence**

a. CACO 1-1 (Tam Ky) again this month experienced little contact due to enemy activity in the Hiep Duc area and the overwhelming preponderance of Vietnamese forces in some CAP TAOC's. The enemy that were encountered are believed to be primarily local force VC units.

b. CACO 1-2 was also relatively quiet for the month with the only significant contacts coming in the western portions of the CAP's TAOC's with members of the V-20 Main Force VC Company. Agent reports indicated, however, that elements of the 78th NF Rocket Bn. and 125th NVA Infantry Bn. remained a threat to Ly Tin District. Significantly, the enemy failed to initiate any military operations or terrorist acts to coincide with the district-wide elections held during the latter part of the month.

c. CACO 1-3 remained the most active CACO in the CAG as coastal CAPs 1-3-4 and 1-3-5 totaled ten and seven VC KIA respectively. These VC were believed to be part of the 48th Local Force VC Bn. or the 95A Local Force VC Sapper Co. Indications of increased enemy activity during the month were numerous including large numbers of lights moving along the Song Tra Bong towards Binh Son District Headquarters from both the southwest and northeast and agent reports concerning a large unidentified NVA force (possibly elements of the White Star Regiment). Early in the month Binh Son District Headquarters came under attack by an unidentified enemy force who utilized 82mm mortars, RPGs and M-79 grenade launchers. Despite this attack and the apparent build up, attacks failed to materialize at election time.

d. CACO 1-4 in Son Tinh experienced only one significant action during the month. What is believed to be the majority of the 48th Local Force VC Bn. attempted to obtain supplies from and terrorize the civilians in Song Quan (V) (BS 755818) in CAP 1-4-4's TAOC. It is significant that the enemy deliberately terrorized the people and killed a number of civilians. The VC were frustrated in their attempts to obtain supplies by the arrival of the CAP.

e. There was relatively light contact in the CAG during June compared to that of the previous month. Of note was the reported buildup of VC forces in Binh Son District during the voting period and their failure to mount significant attacks during this period and the deliberate terrorizing of civilians by the 48th Local Force VC Bn. Enemy units in the 1st CAG TAOR remain vulnerable to interdiction by artillery and aerial bombardment by the CAPs. Enemy morale remains vulnerable to psychological exploitation by propaganda concentrating on VC/NVA defeats in combat, fear of death, battle hardships and GVN ability to support the needs and aspirations of the people.

## 12. Communications

a. Because of the outstanding effort of LSU-4 in providing maintenance support, no significant problems occurred in communications.

## 13. Fire Support

a. Fire support during the period was provided by Division Artillery, Americal Division (1/14th and 1/82nd Bn's) and ARVN artillery, on occasion in the Tam Ky area.

## 14. Air Support

a. Tactical air support was used frequently during the month: this included fixed wing strikes, helicopter gunship strikes and visual reconnaissance missions. No major problems were encountered with close air support and the CAP's continue to utilize the Air Force FAC's to support their daylight operations. The FAC's not only observe for the CAP's but also call artillery missions and control air strikes.

b. Air support is not limited to tactical requests, as logistical re-supply of outlying CAP's requires daily attention. The time for those missions is allotted by the proximate battalion on a daily basis. These missions are neither requested nor controlled by the CAG. At times the availability of aircraft was reduced by the requirements for helicopters to support Combat Assaults (CA's) in the Americal Division.

## 15. Activations, Deactivations, Redesignations, Relocations of CAP's

a. CAP's 1-1-1, 1-1-3, 1-1-5, 1-2-5 and CAGO 1-1 were deactivated 25 June 1970.

b. CAP's 1-2-3, 1-2-4 and CAGO 1-2 were deactivated 29 June 1970.

c. CAP's 1-2-1 and 1-2-2 were redesignated as CAP 2-3-10 on 29 June 1970.

19. Psychological Operations

a. Friendly operations

(1) The Group distributed 2,115,000 leaflets by aircraft and 22,000 by hand for a total of 2,137,000.

(2) Aerial broadcasts were used for a total of 5 hours and 30 minutes. The "Early Word" aerial broadcasts was utilized several times during the month.

(3) The movie team showed movies at CAP 1-3-12 to encourage more distrust of the VC as a result of VC burning civilian homes. The team also worked at CAPS 1-3-4 and 1-3-5 to show the people improved living standards.

(4) 1st CAG conducted additional Psyops following deactivation of CAGO 1-1 and CAGO 1-2 consisting of leaflet distribution through VIS and both VIS and American ground speaker teams. The messages stressed the proficiency of Vietnamese forces in the CAGO's TOACs (especially the PFs) and the fact that the Marines were needed in other places. VIS distributed a total of 6000 leaflets obtained from 1st CAG. Two Army ground speaker teams operated for one day each, one in Tam Ky the other in Ly Tin. The Vietnamese reacted very favorably to these psyops efforts.

20. Volunteer Information Program

a. During the month of June the Group paid 61,400\$VN to Vietnamese Nationals for ordnance under the VIP. CAGO 1-4 in Son Tinh leads the Group in the number of pieces of ordnance received under the program.
